## *ProXpress* M3370/3870/4070 SERIES

### Print with exceptional speed and superior quality

Most businesses and small and home office (SOHO) companies increasingly require high productivity and lower operating costs from their printers. These businesses need printers that also are easy to use and versatile for printing a range of documents and presentations.

#### Models

M3370FD / M3870FD / M3870FW / M4070FR  
M3375FD / M3875FD / M3875FW / M4075FR

## *ProXpress* M3370/3870/4070 SERIES FEATURES

### High speed printing & image processing

Robust ProXpress M3370 | 3870 | 4070 series feature print speeds of up to 40 ppm, powered by a Cortex™-A5 core processor and up to 256 MB of memory. High speed and performance enable businesses to accelerate document and image processing for increased efficiency.

33ppm is available on M3370/75FDmodel only.

38ppm is available on M3870/75 and M3870/75FD models only.

40ppm is available on M4070/75FR, M4070/75FX and M4070FW models only.

**Product dimensions may differ from image provided.**

### Higher-quality print output

ReCP technology improves readability of printed documents by enhancing thin lines and sharpening the edges of negative text. The ProXpress M3370 | 3870 | 4070 series deliver sharp, solid prints with effective output print resolutions of up to 1,200 x 1,200 dpi.

### Additional printing choices for professional documents

The printers' multipurpose tray supports media of up to 220 gsm (grams per square meter) in weight, which offers more printing choices for professional documents. Numerous labels, cards and envelopes can be printed using the multi-purpose tray with ease. This ability virtually eliminates the time it takes to feed sheets one at a time.

# ProXpress M3370/3870/4070 SERIES FEATURES CONTINUED

## One Touch Eco button

Businesses can lower toner and paper usage with the One Touch Eco Button. The One Touch Eco Button automatically activates 2-up printing (two pages on the same side) and duplex printing (printing on both sides). Users can also choose the option to skip blank pages in the toner saving mode. These eco settings can be adjusted using Easy Printer Manager.

## Enterprise-level document security

Businesses produce and print numerous official documents including confidential information, which requires high security on the printing jobs. ProXpress M3370 | 3870 | 4070 series offer greater control of user, document and network access with Samsung SyncThru™ Admin at the enterprise security level.

## Easy Printer Manager

Easy Printer Manager helps companies remotely control settings, such as the One Touch Eco Button features. Multiple devices can be monitored and managed using Easy Printer Manager. Businesses can also monitor printer status, such as error messages, including paper empty, toner empty and paper jam alerts.

## Central print usage control to save more resources

Central Print Usage Control, activated through the SyncThru™ Admin Job Accounting feature, enables managers to assign users to specific printers. Users can also be assigned quotas for the number of pages or copies they can make per printer.

## More laser toner cartridge options, more choices for cost reduction

ProXpress M3370 | 3870 | 4070 series offers diverse laser toner cartridge options from standard-yield laser toner cartridges that typically yield 3,000 standard pages to ultra-high yield laser toner cartridges that can yield 15,000 standard pages, which meets every businesses' needs for reducing cost per page.

An integrated toner system contains the imaging unit and toner cartridge in one convenient package. This integrated toner system is the preferred choice for businesses with a heavier printing volume who require a lower CPP and easier maintenance.

10,000 page yield toner cartridge is available on M3820 and M4020 series only.

15,000 page yield toner cartridge is available on M4020ND model only.
